## Estonian / American acoustic duo *Rahel n Beck* release debut single “Gordon”

**Tallinn, Estonia** - “Gordon” is the debut single release from acoustic duo *Rahel n Beck*. It was released worldwide on all major streaming platforms on Friday, 17 October, 2025, including a version of the song mixed for Dolby Atmos.

Produced by *Rahel n Beck* in collaboration with Friesen producers Rik Meijer and Nico Outhuijse from the band *De Kast*, “Gordon” is a cinematic ‘Nordic folk noir’ ballad. It builds a haunting, romantic atmosphere for Rahel-Liis Aasrand’s dulcet vocals with a sweeping string arrangement by renowned composer Andy Brick and Meijer’s slow-burning guitar solo. “Gordon” is a song about letting go, moving through hardship, and realizing that behind beauty there can be deception and peril. And yet, we must keep walking.

Rahel-Liis wrote “Gordon” in Mattinata, Italy, in the autumn of 2018. She had just recently walked nearly 800 kilometers on the French Way of the *Camino de Santiago*, and a persistent melody accompanied her during the long days of walking. But even before the melody, the name Gordon had become embedded in her mind. In Mattinata, the name and the melody came together as a new song.

“Gordon” was recorded over a period of three years in studios across Europe and North America, starting in 2023 with vocal and acoustic guitar sessions at *Sotto il Mare*, located just outside Verona, Italy. Since those sessions, recording has taken place in Colorado USA, Ontario Canada, and The Netherlands. The Dolby Atmos version was mixed and mastered by John Geuzinge-Havinga at Neo-Music in Bovensmilde, Nederland, and upon release, can be heard on Apple Music, Tidal, Amazon Music and YouTube Music.

*Rahel n Beck* is comprised of Estonian violinist / singer / songwriter Rahel-Liis Aasrand and American guitarist / singer / songwriter “Chicago” Mike Beck, two musicians with vastly different backgrounds and influences whom Fate brought together in Verona, Italy in 2016. Since then, *Rahel n Beck* has performed all over North America and Europe, including concerts in France, Germany, The Netherlands, Luxembourg, Italy, Bulgaria, Switzerland and Estonia. Four additional songs are scheduled for release by *Rahel n Beck* in the months after “Gordon’s” premiere on 17 October, 2025.

The October 17th release of “Gordon” occurred during a 3 week European tour for *Rahel n Beck*, which started in Italy, included several performances in the Moselle region of France and concluded with 5 concerts in The Netherlands, including a celebration and live performance at Muzieffcafé Scooter’s in Leeuwarden on Friday, 17 October along with a radio broadcast of “Gordon” on *Omrop Fryslân* and taping for Friesen television program *Noardewyn Live* which took place that same day.
